

**Retraction notice**

**Retraction notice to "Mobility in the NSIS Signaling Protocol"  
[(2014) IRECAP 4 (5), pp. 215-220]**

Taam Abdelkarim, Hjiat Hassane, Said El Alaoui Ouatiq, Mohamed Oumsis, Raouyane Brahim

---

On the indication of the **Editor-In-Chief**, after a careful evaluation of a duly constituted Ethical Committee, this paper has been retracted by the Publisher because the Ethical Committee found with clear evidence that the contents of the paper are the results of a misconduct sanctioned by the **Ethical Policy of Praise Worthy Prize**.

Significant contents of this paper originate by the paper cited below:

Badr Benmammar, Francine Krief, "MQoS NSLP: a mobility profile management based approach for advance resource reservation in a mobile environment", 7th *IFIP IEEE International Conference on Mobile and Wireless Communications Networks (MWCN 2005)*, Marrakech, Morocco, 2005.

To know which further actions are previewed by **Praise Worthy Prize** in case of Retraction, please see the following link:
